Nirvair Singh

Senior UI/UX Designer

Senior UI/UX Designer with 12+ years of experience designing responsive B2B websites, digital platforms and scalable design systems. Currently leading Ken Research's website revamp, CRO initiatives and design-system implementation across research, consulting, survey and lead-generation journeys. Experienced in Figma, Framer and AI-assisted design-to-code workflows using Figma MCP, Figma Make, Claude Code and GitHub.

Institute of Management Studies
Jul 2016 - Jun 2018

BCA | Software Engineering
I.K. Gujral Punjab Technical University
May 2010 - Sep 2012

Languages

- English | Hindi | Punjabi

Senior UI/UX Designer | Ken Research

Aug 2019 - Present

- Led the end-to-end UX/UI revamp and CRO optimisation of Ken Research's digital ecosystem, including research, consulting, survey, resource and lead-generation journeys.
- Built and governed a scalable design system using Figma and Figma Make, defining foundations, design tokens, reusable components, responsive rules and interaction patterns, with version management through GitHub.
- Established AI-assisted design-to-code workflows using Figma MCP and Claude Code to accelerate prototyping, reusable component creation and developer handoff.
- Designed and standardised responsive forms, dashboards and data-rich pages across desktop, tablet and mobile while maintaining consistency and accessibility best practices.
- Led cross-functional collaboration with designers, developers, marketing, content and leadership teams to translate business requirements, user insights and CRO findings into production-ready digital experiences.
- Developing an automated design QA workflow to compare Figma designs with live pages, test mobile responsiveness and generate annotated implementation reports.

Graphic & UI Designer | Uniworld Studio

Feb 2019 – Jul 2019

- Designed responsive websites and interactive prototypes for hospitality, education, real estate and agency clients, covering UX research, wireframing, visual design and developer handoff.
- Delivered key projects for Time Hotels, Modern School EC, White Lily by The Parker Group and Uniworld Studios, improving booking journeys, content clarity and brand presentation across devices.

Graphic designer - Pagination | MPS Ltd.

Feb 2014 – Nov 2018

- Designed and formatted e-books, journals and corporate publications for international clients using Adobe InDesign and related Adobe Creative Suite tools.
- Created interactive e-learning modules, multimedia assets and marketing collateral while following client brand guidelines and international publishing standards.
- Improved production workflows and performed detailed quality assurance to maintain accuracy, consistency and timely project delivery.
